

A propos de ce livre

Ceci est une copie numérique d'un ouvrage conservé depuis des générations dans les rayonnages d'une bibliothèque avant d'être numérisé avec précaution par Google dans le cadre d'un projet visant à permettre aux internautes de découvrir l'ensemble du patrimoine littéraire mondial en ligne.

Ce livre étant relativement ancien, il n'est plus protégé par la loi sur les droits d'auteur et appartient à présent au domaine public. L'expression "appartenir au domaine public" signifie que le livre en question n'a jamais été soumis aux droits d'auteur ou que ses droits légaux sont arrivés à expiration. Les conditions requises pour qu'un livre tombe dans le domaine public peuvent varier d'un pays à l'autre. Les livres libres de droit sont autant de liens avec le passé. Ils sont les témoins de la richesse de notre histoire, de notre patrimoine culturel et de la connaissance humaine et sont trop souvent difficilement accessibles au public.

Les notes de bas de page et autres annotations en marge du texte présentes dans le volume original sont reprises dans ce fichier, comme un souvenir du long chemin parcouru par l'ouvrage depuis la maison d'édition en passant par la bibliothèque pour finalement se retrouver entre vos mains.

Consignes d'utilisation

Google est fier de travailler en partenariat avec des bibliothèques à la numérisation des ouvrages appartenant au domaine public et de les rendre ainsi accessibles à tous. Ces livres sont en effet la propriété de tous et de toutes et nous sommes tout simplement les gardiens de ce patrimoine. Il s'agit toutefois d'un projet coûteux. Par conséquent et en vue de poursuivre la diffusion de ces ressources inépuisables, nous avons pris les dispositions nécessaires afin de prévenir les éventuels abus auxquels pourraient se livrer des sites marchands tiers, notamment en instaurant des contraintes techniques relatives aux requêtes automatisées.

Nous vous demandons également de:

- + *Ne pas utiliser les fichiers à des fins commerciales* Nous avons conçu le programme Google Recherche de Livres à l'usage des particuliers. Nous vous demandons donc d'utiliser uniquement ces fichiers à des fins personnelles. Ils ne sauraient en effet être employés dans un quelconque but commercial.
- + *Ne pas procéder à des requêtes automatisées* N'envoyez aucune requête automatisée quelle qu'elle soit au système Google. Si vous effectuez des recherches concernant les logiciels de traduction, la reconnaissance optique de caractères ou tout autre domaine nécessitant de disposer d'importantes quantités de texte, n'hésitez pas à nous contacter. Nous encourageons pour la réalisation de ce type de travaux l'utilisation des ouvrages et documents appartenant au domaine public et serions heureux de vous être utile.
- + *Ne pas supprimer l'attribution* Le filigrane Google contenu dans chaque fichier est indispensable pour informer les internautes de notre projet et leur permettre d'accéder à davantage de documents par l'intermédiaire du Programme Google Recherche de Livres. Ne le supprimez en aucun cas.
- + *Rester dans la légalité* Quelle que soit l'utilisation que vous comptez faire des fichiers, n'oubliez pas qu'il est de votre responsabilité de veiller à respecter la loi. Si un ouvrage appartient au domaine public américain, n'en déduisez pas pour autant qu'il en va de même dans les autres pays. La durée légale des droits d'auteur d'un livre varie d'un pays à l'autre. Nous ne sommes donc pas en mesure de répertorier les ouvrages dont l'utilisation est autorisée et ceux dont elle ne l'est pas. Ne croyez pas que le simple fait d'afficher un livre sur Google Recherche de Livres signifie que celui-ci peut être utilisé de quelque façon que ce soit dans le monde entier. La condamnation à laquelle vous vous exposeriez en cas de violation des droits d'auteur peut être sévère.

À propos du service Google Recherche de Livres

En favorisant la recherche et l'accès à un nombre croissant de livres disponibles dans de nombreuses langues, dont le français, Google souhaite contribuer à promouvoir la diversité culturelle grâce à Google Recherche de Livres. En effet, le Programme Google Recherche de Livres permet aux internautes de découvrir le patrimoine littéraire mondial, tout en aidant les auteurs et les éditeurs à élargir leur public. Vous pouvez effectuer des recherches en ligne dans le texte intégral de cet ouvrage à l'adresse <http://books.google.com>

REMARQUES INDISPENSABLES

CONCERNANT

LE BLASONNEMENT DES ÉCUSSENS DE L'ARMORIAL DE CET OUVRAGE.

Les ARMOIRIES se composent :

- 1° De l'*écu*, dont la surface extérieure donne le *champ*.
- 2° Des *émaux*, qui sont : deux métaux et cinq couleurs.
- Et 3° Des *figures*, *pièces* ou *meubles*, qui sont *héraldiques* et propres, ou *naturelles*, ou *artificielles*.

Les MÉTAUX sont :

- L'*or*, ou jaune, que la gravure représente par le pointillé (Fig. 1).
Et l'*argent*, ou blanc, qui est représenté par un fond uni, sans aucun trait (Fig. 2).

Les COULEURS sont :

- 1° Le *gueules*, ou rouge, représenté par des traits perpendiculaires (Fig. 3).
- 2° L'*azur*, ou bleu, représenté par des traits horizontaux, d'un flanc de l'*écu* à l'autre (Fig. 4).
- 3° Le *sinople*, ou vert, représenté par des lignes diagonales d'un angle à l'autre, de droite à gauche. Il est à remarquer ici que la droite, ou *dextre*, d'un *écu* se trouve vis-à-vis de la gauche de celui qui le regarde (Fig. 5).
- 3° Le *sable*, ou noir, représenté par des lignes croisées (Fig. 6).
- Et 5° Le *pourpre*, qui est violet, représenté par des lignes diagonales, comme le sinople, mais de gauche à droite. — La gauche, en terme de blason, se nomme *sénestre* (Fig. 7).

On ajoute aux couleurs la *carnation*, pour les parties du corps humain, — et les couleurs naturelles des animaux, des plantes, etc.

Outre les émaux ci-dessus, il y a deux fourrures : l'*hermine* et le *vair*.

L'*hermine* est argent ou blanc, pour le fond, chargé de mouchetures de sable (Fig. 8).

Le *vair* a son fond d'azur, chargé de petites pièces d'argent en forme de cloches renversées (Fig. 9).

Lorsque l'*hermine* et le *vair* ont leurs émaux différents de ceux qui leur sont propres, on l'exprime par les mots *herminé* ou *vairé* de tel ou de tel émail.

Les principales pièces honorables ou de premier ordre sont : le chef, la fasce, le pal, la croix, la bande, la barre, le chevron, le sautoir et le franc canton ou franc quartier. Quand elles sont seules, elles occupent à peu près le tiers de l'écu, à l'exception du franc canton, qui n'en occupe que le quart.

Le *chef* occupe la première et la plus haute partie de l'écu (Fig. 10).

La *fasce* est placée horizontalement au milieu (Fig. 11).

Le *pal* occupe le milieu perpendiculairement (Fig. 12).

La *croix* s'étend par ses branches jusqu'aux bords de l'écu, et laisse un vide aux coins (Fig. 13).

La *bande* se pose diagonalement de droite à gauche (Fig. 14).

La *barre* est le contraire de la bande. On en voit peu dans les armoiries, parce que cette pièce est une brisure que prennent les enfants naturels (Fig. 15).

Le *chevron* est composé de deux pièces, qui aboutissent au milieu du haut de l'écu et s'étendent vers le bas, en forme de compas ouvert (Fig. 16).

Le *sautoir* se nomme aussi *croix de S^t-André*. Il est formé de la bande et de la barre (Fig. 17).

Le *franc canton* est un peu moins grand qu'un quartier d'écartelure. Il occupe la droite du haut de l'écu (Fig. 18).

L'écu est *parti*, quand il est divisé en deux parties égales par une ligne perpendiculaire (Fig. 19).

L'écu est *coupé*, lorsqu'il est partagé en deux parties égales par une ligne horizontale (Fig. 20).

L'écu est *tranché*, quand il est partagé en deux parties par une ligne diagonale de droite à gauche (Fig. 21).

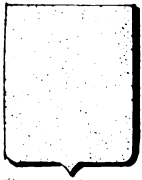

L'écu est *taillé*, quand il est partagé en deux par une ligne diagonale de gauche à droite (Fig. 22).

Enfin, l'*écartelé* se forme par le coupé et par le parti (Fig. 23. — 1, 2, 3 et 4 quartiers).

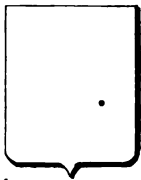

Nous renvoyons, pour le très grand nombre d'autres termes héraldiques, aux ouvrages qui traitent du Blason.
